

Recycling in Keyport

PROPERTY OWNERS – Please forward these addendums to your tenants, as they are being distributed in the quarterly water bills.

The solid waste/recycling contracts were currently re-negotiated. The new contracts are resulting in changes to the way trash/recyclables are collected at the curb.

Leaves and Branches will not be collected by the hauler. The recycling center will no longer accept branches. Both leaves and branches will be collected at the curb by DWP on the dates assigned to each district. Please continue to follow leaves/branches collection guidelines.

We would appreciate everyone adding this updated addendum with the next few months of 2019 collection dates to the 2018 brochures. The What, Where, How, Comments information is remaining the same until the new brochures have been finalized

The market for recyclables continues to be disrupted by the ever-changing global markets. Curbside collection of recyclables may need to be managed differently in the upcoming year. We thank you for your patience and understanding as we work together, to save our tax payers money, and our earth – one recyclable at a time.

As updates become available, they can be found on the Keyport website:

www.keyportonline.com

The Keyport Recycling Department can also be reached at **732-739-5154**.

Questions and comments are always welcomed!

~ Keyport Recycling Department
