

Recycling in Keyport

Please be advised that new recycling brochures will not be delivered to homes/businesses until mid 2019.

PROPERTY OWNERS - *Please forward these addendums to your tenants, as they are being distributed in the quarterly water bills instead of door to door.*

The solid waste/recycling contracts are currently being re-negotiated. These new contracts may result in changes being made to the way trash/ recyclables are collected at the curb.

We would appreciate everyone adding this addendum with the 2019 collection dates to the 2018 brochures. The What, Where, How, Comments information is remaining the same until the new contract is in place.

The market for recyclables has been disrupted by the ever-changing global markets. Curbside collection of recyclables may need to be managed differently in the upcoming year. We ask for your patience and understanding as we work together, to save our tax payers money, and our earth - one recyclable at a time.

As updates become available, they can be found on the Keyport website:
www.keyportonline.com

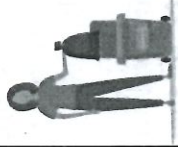

The Keyport Recycling Department can also be reached at **732-739-5154**.

Questions and comments are always welcomed !

~ Keyport Recycling Department
