

The Borough of Keyport invites you to become a participating contractor in the Borough's Neighborhood Housing Rehabilitation Program and the Neighborhood Preservation Program. Keyport bids out rehabilitation jobs to General Contractors who must provide sub contractors in the heating, plumbing and electrical trades.

General Contractors who are approved for participation will have their names included on our Contractors List, which is provided to the homeowners approved for the housing rehabilitation programs.

Interested contractors must provide an Insurance Certificate, their Contractor's Registration from the NJ Division of Consumer Affairs, their New Jersey Business Registration Certificate, and be certified in "Lead Based Paint Safe Work Practices".

To request an application please call 732 739 5138, or e mail ccefalo@keyportonline.com. Thank you.
