RE: BRSA Sanitary Sewer Force Main Cleaning & Inspection

Dear Resident:

The Bayshore Regional Sewerage Authority (BRSA) will be cleaning and inspecting our sanitary sewer force main pipeline, located within sections of the Borough of Keyport & Matawan and the Townships of Aberdeen & Hazlet. Cleaning work will take place utilizing foam pigging. No impacts to any local residence or business are expected. The work is expected to begin on November 10, 2025 and take up to one (1)-week to complete between the hours of 7:00 A.M. and 4:00 P.M. Local police departments will be working with our Contractors to provide uniformed for traffic control where required.

The Contractors for this project will be CRS Contractors, Inc. (Colts Neck, NJ) and American Pipeline Solutions, Inc. (New Milford, PA). BRSA Staff and our Consulting Engineer, R3M Engineering, Inc. (Old Bridge, NJ) will also be on-site at all times. The main contact for this project is listed below:

BRSA Engineering Department – 732-739-1095

Additional information can be found on our website www.bayshorersa.com, or at each Borough or Township website. Should you have any questions or concerns, please feel free to contact me at the above number.

Sincerely,

Thomas M. Petti, P.E.
Principal Engineer

Ec: Peter J. Canal, Executive Director
