JERSEY CENTRAL POWER & LIGHT COMPANY

**In the Matter of the Verified Petition of Jersey Central Power & Light Company
Seeking Review and Approval of Its Deferred balances Relating to, and an Adjustment of,
the Societal Benefits Charge Clause of Its Filed Tariff
("2020/2021 SBC Filing")**

BPU Docket No. ER21121257

PLEASE TAKE NOTICE:

On December 30, 2021, Jersey Central Power & Light Company ("JCP&L" or "Company") filed with the New Jersey Board of Public Utilities ("Board") a Verified Petition for the review and approval of the deferred balances accumulated with respect to the Demand Side Factor ("DSF"), Uncollectible Accounts Charge ("UNC"), and Nuclear Decommissioning Costs ("NDC") components of the Company's Societal Benefits Charge ("SBC"), to the extent accumulated for each from January 1, 2020 through December 31, 2021. Through discovery in the above-referenced proceeding, JCP&L updated its request to reflect actual results through the end of 2021 ("Updated Request"). The Company's discovery responses pertaining to the Updated Request have been posted on JCP&L's website for review.

In its Verified Petition and the Updated Request, JCP&L is requesting to increase collections under Rider DSF, which funds certain New Jersey Clean Energy Programs, by approximately \$0.831 million annually and to increase collections under Rider UNC, which recovers costs associated with uncollectible expense, by approximately \$9.174 million annually. JCP&L is also proposing to eliminate Rider NDC from its Tariff. Accordingly, JCP&L is requesting a total increase of approximately \$10.005 million annually in these components of the SBC. The change in rates would become effective July 1, 2022 or on such date as the Board may determine.

The annual percentage change in rates, if any, will vary according to the applicable rate schedule and the level of the customer's usage. A copy of the Verified Petition, along with supporting attachments, is available on the Company's website at <https://www.firstenergycorp.com/jersey-central-power-light/regulatory.html>. The Verified Petition, together with supporting documents, is available through the Board's website here, <https://publicaccess.bpu.state.nj.us/>, where you can search by docket number. You can also review the file at the Board, located at 44 South Clinton Avenue, 1st Floor, Trenton, New Jersey 08625-0350, with an appointment. To make an appointment, please call (609) 913-6298.

The following comparisons of present and proposed rates will permit customers to determine the approximate effect upon them of the proposed increase in charges of \$10.005 million annually. Any assistance required by customers in this regard will be furnished by the Company upon request.
