INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of the Borough Council Borough of Keyport County of Monmouth Keyport, New Jersey

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the various funds and account group of the Borough of Keyport, which comprise the statements of assets, liabilities, reserves and fund balance – regulatory basis as of December 31, 2024 and 2023, and the related statements of operations and changes in fund balance – regulatory basis for the years then ended and the statements of revenues – regulatory basis and statement of expenditures – regulatory basis for the year ended December 31, 2024, and the related notes to the financial statements.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, reserves and fund balance – regulatory basis of the Borough of Keyport, as of December 31, 2024 and 2023, and the results of its operations and changes in fund balance – regulatory basis for the years then ended and the statements of revenues – regulatory basis, statements of expenditures – regulatory basis for the year ended December 31, 2024, in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Borough of Keyport, as of December 31, 2024 and 2023, or the results of its operations and changes in fund balance for the years then ended.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Borough of Keyport and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by the Borough of Keyport, on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough of Keyport's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough of Keyport's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough of Keyport's basic financial statements. The accompanying supplemental schedules presented for the various funds and letter of comments and recommendations section are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements of each of the respective individual funds and account group taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 30, 2025, on our consideration of the Borough of Keyport's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough of Keyport's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of Keyport's internal control over financial reporting and compliance.

Respectfully submitted,

HOLMAN FRENIA ALLISON, P.C.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Members of the Borough Council Borough of Keyport County of Monmouth Keyport, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements - regulatory basis of the Borough of Keyport, as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the Borough of Keyport's basic financial statements, and have issued our report thereon dated June 30, 2025. Our report indicated that the Borough of Keyport's financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America but rather prepared in accordance with the regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Borough of Keyport's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough of Keyport's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough of Keyport's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough of Keyport's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough of Keyport's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey in considering the Borough of Keyport's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully Submitted,

HOLMAN FRENIA ALLISON, P.C.

BOROUGH OF KEYPORT COUNTY OF MONMOUTH, NEW JERSEY

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024 This page intentionally left blank

Note 1. Summary of Significant Accounting Policies

Description of Financial Reporting Entity

The Borough of Keyport, County of Monmouth, New Jersey (hereafter referred to as the "Borough") is incorporated under the laws of the State of New Jersey. The Borough is governed as a Mayor-Council form of government. The mayor is elected in a general election to a four-year term. There are six councilpersons, each elected to three-year terms. At its annual meeting, the council elects a president of the council who shall preside at all of the Borough's meetings when the mayor is not present. The mayor is the head of the municipal government, and the council is the legislative body. The Borough has adopted an administrative code, which provides for the delegation of a portion of executive responsibilities to an administrator and the organization of the council into standing committees to oversee various Borough activities. The financial statements of the reporting entity include those of the Borough only.

Component Units - GASB Statement 14, as amended by GASB Statements 39, 61, 80, 90, and 97, establishes criteria to be used in determining the component units, which should be included in the financial statements of a primary government. The financial statements of the Borough are not presented in accordance with GAAP (as discussed below). Therefore, the Borough had no component units as defined by GASB Statement No. 14, as amended by GASB Statements 39, 61, 80, 90 & 97.

Basis of Accounting, Measurement Focus and Basis of Presentation - The financial statements of the Borough contain all funds and account groups in accordance with the "Requirements of Audit" as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. The principles and practices established by the Requirements of Audit are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Generally, the financial statements are presented using the flow of current financial resources measurement focus and modified accrual basis of accounting with minor exceptions as mandated by these "Requirements". In addition, the prescribed accounting principles previously referred to differ in certain respects from accounting principles generally accepted in the United State of America applicable to local government units. The more significant differences are explained further in this note.

In accordance with the "Requirements", the Borough accounts for its financial transactions through the use of separate funds, which are described as follows:

Current Fund – This fund accounts for revenues and expenditures for governmental operations of a general nature, including federal and state grant funds.

Trust Funds – These funds account for receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

Open Space Fund – This fund is used to record receipts and disbursements relative to open space acquisition and maintenance.

General Capital Fund – This fund accounts for receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Utility Operating and Capital Funds – These funds accounts for utility operations that are financed through user fees. The funds are operated on a basis similar to private business enterprises where the intent is that the costs of providing the utility to the general public be financed through

Note 1. Summary of Significant Accounting Policies (continued)

user fees. Operations relating to the acquisition of capital facilities for utility purposes are recorded in the Utility Capital Fund.

General Fixed Asset Account Group – The Fixed Asset Account Group of accounts is utilized to account for property, land, buildings, and equipment that have been acquired by other funds of the Borough.

Payroll Agency Fund - used to account for payroll deductions and social security contributions of borough and utility operations.

Budgets and Budgetary Accounting - The Borough must adopt an annual budget for its Current and Utility Fund in accordance with *N.J.S.A.40A:4* et seq. *N.J.S.A.40A:4-5* requires the governing body to introduce and approve the annual municipal budget no later than February 10th of each year. At introduction, the governing body must fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the municipality. The public hearing must not be held less than twenty-eight days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with *N.J.S.A.40A:4-9*. Amendments to adopted budgets, if any are detailed in the statements of revenues and expenditures.

An extension of the statutory dates for introduction, approval and adoption of the municipal budget may be granted by the Director of Local Government Services, with the permission of the Local Finance Board. Budgets are adopted on the same basis of accounting utilized for the preparation of the Borough's financial statements. Once a budget is approved it may be amended after November 1, by a resolution adopted by the governing body.

Cash, Cash Equivalents and Investments - Cash and Cash equivalents include petty cash, change funds and cash on deposit with public depositories. All certificates of deposit are recorded as cash regardless of the date of maturity. Under GAAP, investments are reported at fair value but under regulatory basis of accounting, investments are stated at cost with the exception of LOSAP investments which are reported at fair value. Therefore unrealized gains or losses on investments have not been recorded.

New Jersey municipal units are required by *N.J.S.A.40A:5-14* to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. *N.J.S.A.40A:5-15.1* provides a list of investments, which may be purchased by New Jersey municipal units. In addition, other State statutes permit investments in obligations issued by local utilities and other state agencies.

N.J.S.A.17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the Governmental Units.

Note 1. Summary of Significant Accounting Policies (continued)

The cash management plan adopted by the Borough requires it to deposit funds in public depositories protected from loss under the provisions of the Act.

Interfunds - Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the Current Fund are recorded with offsetting reserves, which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Inventories and Supplies - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of assets, liabilities, reserves and fund balance.

General Fixed Assets – Accounting for governmental fixed assets, as required by *N.J.A.C.5:30-5.6*, differs in certain respects from accounting principles generally accepted in the United States of America.

In accordance with the regulations, all local units, including municipalities, must maintain a general fixed assets reporting system that establishes and maintains a physical inventory of nonexpendable, tangible property as defined and limited by the U.S. Office of Management and Budget Circular A-87 (Attachment B, Section 19), except that the useful life of such property is at least five years. The Borough has adopted a capitalization threshold of \$5,000.00, the maximum amount allowed by the Circular. Generally, assets are valued at historical cost; however, assets acquired prior to December 31, 1985 are valued at actual historical cost or estimated historical cost. In some instances, assets are valued at the assessed valuation of the property at the time of acquisition, which approximates fair value. No depreciation of general fixed assets is recorded. Donated general fixed assets are recorded at their acquisition value as of the date of the transaction. Interest costs relative to the acquisition of general fixed assets are recorded as expenditures when paid. Public domain ("infrastructure") general fixed assets consisting of certain improvements such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. Expenditures for construction in progress are recorded in the capital funds until such time as the construction is completed and put into operation. The Borough is required to maintain a subsidiary ledger detailing fixed assets records to control additions, retirements, and transfers of fixed assets. In addition, a statement of general fixed assets, reflecting the activity for the year, must be included in the Borough's basic financial statements.

The regulations require that general fixed assets, whether constructed or acquired through purchase, grant or gift be included in the aforementioned inventory. In addition, property management standards must be maintained that includes accurate records indicating asset description, source, ownership, acquisition cost and date, the percentage of federal participation (if any), and the location, use, and condition of the asset. Periodically, physical inventories must be taken and reconciled with these records. All fixed assets must be adequately controlled to safeguard against loss, damage, or theft.

Utility Fixed Assets – Property and equipment purchases by a utility fund are recorded in the utility capital account at cost and are adjusted for disposition. The amounts shown do not represent replacement cost or current value. The reserve for amortization and deferred reserve for amortization in the utility capital fund represent the cost of the utility fixed assets reduced by the outstanding balances of bonds, loans, notes, or other borrowings that are attributable to the acquisition, construction or improvement of those assets.

Foreclosed property – Foreclosed Property or "Property Acquired for Taxes" is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. Ordinarily it is the intention of the Borough to resell foreclosed property in order to recover all or a portion of the delinquent

Note 1. Summary of Significant Accounting Policies (continued)

taxes or assessments and to return the property to a taxpaying basis. For this reason, the value of foreclosed property has not been included in the General Fixed Assets Account Group. If such property is converted to a municipal use, it will be recorded in the General Fixed Assets Account Group.

Deferred Charges – The recognition of certain expenditures is deferred to future periods. These expenditures or deferred charges are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with *N.J.S.A.40A:4-46* et seq. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

Fund Balance – Fund Balance included in the Current and Utility Operating Fund represent the amount available for anticipation as revenue in future year's budgets, with certain restrictions.

Revenues – are recorded when received in cash except for certain amounts, which are due from other governmental units. Revenue from Federal and State grants are realized when anticipated as such in the Borough's budget. Receivables for property taxes are recorded with offsetting reserves on the statement of assets, liabilities, reserves and fund balance of the Borough's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Borough, which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenues when received.

Utility Revenues – Utility charges are billed quarterly based upon a flat service charge and if applicable, an excess consumption or usage charge. Revenues from these sources are recognized on a cash basis. Receivables that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Boroughs utility operating fund.

Property Tax Revenues – are collected in quarterly installments due February 1, May 1, August 1 and November 1. The amount of tax levied includes not only the amount required in support of the Borough's annual budget, but also the amounts required in support of the budgets of the County of Monmouth and the Keyport Public School District.. Unpaid property taxes are subject to tax sale in accordance with statutes.

County Taxes – The municipality is responsible for levying, collecting and remitting County taxes for the County of Monmouth. Operations is charged for the amount due the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10th of the current year. In addition, operations is charged for the County share of Added and Omitted Taxes certified to the County Board of Taxation by October 10th of the current year and due to be paid to the County by February 15th of the following year.

School Taxes – The municipality is responsible for levying, collecting and remitting school taxes for the Keyport Public School District. Operations are charged for the full amount required to be raised from taxation to operate the local and regional school district July 1 to June 30.

Deferred School Taxes – School taxes raised in advance in the Current Fund for a school fiscal year (July I to June 30) which remain unpaid at December 31 of the calendar year levied may be deferred to fund balance to the extent of not more than 50% of the annual levy providing no requisition has been made by the school district for such amount.

Note 1. Summary of Significant Accounting Policies (continued)

Reserve for Uncollected Taxes – The inclusion of the "Reserve for Uncollected Taxes" appropriation in the Borough's annual budget protects the Borough from taxes not paid currently. The Reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediate preceding year, with certain exceptions, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations.

Expenditures – are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when paid; however, for charges to amounts appropriated for "other expenses", an amount is encumbered through the issuance of a numerically controlled purchase order or when a contract is executed in accordance with N.J.A.C.5:30-5.2. When encumbered charges are paid, the amount encumbered is simultaneously liquidated in its original amount. Encumbrances are offset by an account entitled reserve for encumbrances. The reserve is classified as a cash liability under New Jersey municipal accounting. At December 31, this reserve represents the portion of appropriation reserves that has been encumbered and is subject to the same statutory provisions as appropriation reserves. Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis; whereas interest on utility indebtedness is on the accrual basis.

Encumbrances are offset by an account entitled reserve for encumbrances. The reserve is classified as a cash liability under New Jersey municipal accounting. At December 31, this reserve represents the portion of appropriation reserves that has been encumbered and is subject to the same statutory provisions as appropriation reserves. Appropriations for interest payments on outstanding general capital bonds and notes are provided on the cash basis. Appropriations for interest payments on outstanding utility capital bonds and notes are provided on the accrual basis.

Appropriation Reserves – Appropriation reserves covering unexpended appropriation balances are automatically created at year-end and recorded as liabilities, except for amounts, which may be cancelled by the governing body. Appropriation reserves and reserve for encumbrances at current year end are available until December 31st of the succeeding year to meet specific claims, commitments or contracts incurred during the preceding year. Any unspent balances at this time are lapsed appropriation reserves and recorded as income.

Long-Term Debt - Long-Term Debt relative to the acquisition of capital assets, is recorded as a liability in the General and Utility Capital Fund. Where an improvement is a "local improvement", i.e. assessable upon completion, long-term debt associated with that portion of the cost of the improvement to be funded by assessments is transferred to the Trust Fund upon the confirmation of the assessments or when the improvement is fully and permanently funded.

Compensated Absences – Expenditures relating to obligations for unused vested accumulated vacation and sick leave are not recorded until paid; however, municipalities may establish and budget reserve funds subject to NJSA 40A:4-39 for the future payment of compensated absences.

Recent Accounting Pronouncements – The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB adopts accounting statements to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America (GAAP). The municipalities in the State of New Jersey do not prepare their financial statements in accordance with GAAP and thus do not comply with all of the GASB pronouncements.

Note 1. Summary of Significant Accounting Policies (continued)

Accounting Pronouncements Adopted in Current Year

The following GASB Statements became effective for the fiscal year ended December 31, 2024:

- Statement No. 100, Accounting Changes and Error Corrections an amendment of GASB Statement No. 62. The requirements of this Statement are effective for fiscal years beginning after June 15, 2023. Management has determined that the implementation of this Statement did not have a significant impact on the Borough's financial statements.
- Statement No. 101, Compensated Absences. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023. Implementation of this Statement resulted in additional footnote disclosures on the Borough's financial statements. See Note 12 for further detail.

Accounting Pronouncements Effective in Future Reporting Periods

The following accounting pronouncements will become effective in future reporting periods:

- Statement No. 102, *Certain Risk Disclosures*. The requirements of this Statement are effective for fiscal years beginning after June 15, 2024.
- Statement No. 103, *Financial Reporting Model Improvements*. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025.
- Statement No. 104, *Disclosure of Certain Capital Assets*. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter.

Management has not yet determined the potential impact these Statements will have on the Borough's financial statements.

Note 2. Deposits and Investments

The Borough is governed by the deposit and investment limitations of New Jersey state law.

Deposits

Custodial Credit Risk Related to Deposits - Custodial credit risk is the risk that, in the event of a bank failure, the Borough's deposits may not be returned. Although the Borough does not have a formal policy regarding custodial credit risk, NJSA 17:9-41 et seq. requires that the governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA is a supplemental insurance program set forth by the New Jersey Legislature to protect the deposits of local governmental agencies. The program is administered by the Commissioner of the New Jersey Department of Banking and Insurance. Under the Act, the first \$250,000 of governmental deposits in each insured depository is protected by FDIC. Public funds owned by the Borough in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, bail funds or funds that may pass to the Borough relative to the happening of a future condition. Such funds are shown as Uninsured and Uncollateralized in the schedule below.

Note 2. Deposits and Investments (continued)

As of December 31, 2024, the Borough's bank balance of \$8,388,985.87 was insured or collateralized as follows:

Insured under FDIC and GUDPA	\$ 7,536,557.01
Uninsured and Uncollateralized	 852,428.86
Total	\$ 8,388,985.87

Investments

When authorized by a cash management plan approved pursuant to N.J.S.A 40A:5-14, the Borough may use available funds for the purchase of securities as regulated and restricted by N.J.S.A 40A:5-14. Any investment in which the security is not physically held by the Borough shall be covered by a third part custodial agreement, which shall provide for the designation of such investments in the name of the Borough and prevent unauthorized use of such investments.

<u>Custodial credit risk related to Investments</u> - This is the risk that in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, the Borough will not be able to recover the value of its investment or collateral securities that are in the possession of another party. Other than the rules and regulations promulgated by N.J.S.A. 40A:5-15.1, the Borough has no investment policy to limit exposure to custodial credit risk.

<u>Interest rate risk</u> - This is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. Other than the rules and regulations promulgated by N.J.S.A. 40A:5-15.1, the Borough does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

<u>Credit risk</u> - Credit risk is the risk that an issuer to an investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. U.S. Government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure.

Concentration of Credit Risk – Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. Other than the rules and regulations promulgated by N.J.S.A. 40A; 5-15.1, the Borough's investment policies place no limit in the amount the Borough may invest in any one issuer. More than 5% of the Borough's investments are in money market funds and fixed account investments. These investments represent 100% of the Borough's total investments.

Note 3. Property Taxes

The following is a three-year comparison of certain statistical information relative to property taxes and property tax collections for the current and previous two years.

Comparison of Tax Rate Information

	2024	2023	2022
Total Tax Rate	\$2.070	\$2.198	\$2.394
Apportionment of Tax Rate:			
Municipal	0.765	0.787	0.841
Municipal Open Space	0.025	0.025	0.025
Municipal Library	0.031	0.033	0.033
County	0.208	0.227	0.239
Local School District	1.041	1.126	1.256
Business Improvement	0.064	0.071	0.080

Assessed Valuation

2024	\$1,131,726,398.00
2023	1,029,850,098.00
2022	909,949,069.00

Comparison of Tax Levies and Collection

		Cash	Percentage of
<u>Year</u>	Tax Levy	Collections	Collection
2024	\$23,766,412.54	\$ 23,213,920.35	97.68%
2023	22,908,631.27	22,431,001.14	97.92%
2022	21,983,571.79	21,539,011.22	97.98%

Delinquent Taxes and Tax Title Liens

<u>Year</u>	Tax Title <u>Liens</u>			Total <u>Delinquent</u>	Percentage of <u>Tax Levy</u>	
2024	\$ 75,424.52	\$	537,679.08	\$ 613,103.60	2.58%	
2023	72,870.14		489,925.11	562,795.25	2.46%	
2022	70,406.18		440,652.38	511,058.56	2.32%	

Note 3. Property Taxes (continued)

Number of Tax Title Liens

<u>Year</u>	
2024	8
2023	8
2022	8

The last tax sale was held on November 15, 2024.

Note 4. Property Acquired By Tax Title Lien Liquidation

The value of properties acquired by liquidation of tax title liens based on the last assessed valuation of such properties as of December 31, was as follows:

Property Acquired By Tax Title Lien

<u>Year</u>	<u>Amount</u>
2024	\$ 508,800.00
2023	508,800.00
2022	508,800.00

Note 5. Water/Sewer Utility Service Charges

The following is a three-year comparison of water/sewer utility charges (rents) and collections for the current and previous two years.

<u>Year</u>	Begi	nning Balance	<u>Billings</u>	<u>Total</u>	Cash <u>Collections</u>	Percentage Of Collection
2024	\$	200,612.65	\$ 3,457,434.02	\$ 3,658,046.67	\$ 3,481,623.78	95.17%
2023		175,546.36	3,494,131.64	3,669,678.00	3,469,065.35	94.53%
2022		238,223.59	3,259,162.25	3,497,385.84	3,321,839.48	94.98%

Note 6. Fund Balances Appropriated

The following schedule details the amount of fund balances available at the end of the current year and four previous years and the amounts utilized in the subsequent year's budgets:

Current Fund	Year	De	Balance ecember 31,	of Sceeding Year	Percentage of Fund Blance Used
	2024 2023 2022	\$	1,127,651.21 1,025,261.39 1,017,215.78	\$ 900,000.00 850,000.00 850,000.00	79.81% 82.91% 83.56%
Water and Sev	ver Ope	rating			
	2024 2023 2022	\$	532,176.29 288,829.79 169,205.94	\$ 520,000.00 190,000.00 110,000.00	97.71% 65.78% 65.01%

Note 7. Interfund Receivables, Payables and Transfers

The following interfund balances were recorded in the various statements of assets liabilities, reserves and fund balances at December 31, 2024:

Fund	Receivables	Payables
Current Fund	\$ 357,834.77	\$ 200,173.50
State and Federal Grant Fund	-	325,167.75
Animal Control Trust	-	2,606.50
Trust Other Fund	-	30,060.52
General Capital Fund	500,173.50	-
Water-Sewer Utility Capital Fund		300,000.00
	\$ 858,008.27	\$ 858,008.27

The interfund receivables and payables above predominately resulted from payment made by certain funds on behalf of other funds. All interfund balances are expected to be repaid within one year.

Interfund transfers for the year ended December 31, 2024 are as follows:

Fund	Transfers In	Transfers Out
Current Fund	\$ -	\$ 390,548.08
State and Federal Grant Fund	341,548.08	-
General Capital Fund	49,000.00	-
Water-Sewer Utility Operating Fund	-	10,000.00
Water-Sewer Utility Capital Fund	10,000.00	
	\$ 400,548.08	\$ 400,548.08

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them (i.e. interest earning), (2) provide cash flow to other funds to temporary finance expenditures that are on a reimbursable basis (i.e. grants), (3) when no bank account exists for a fund, and (4) utilizing surplus or fund balance from one fund as budgeted revenue in another.

Note 8. Fixed Assets

The following is a summary of changes in the General Fixed Assets Account Group for the year ended December 31, 2024.

	Balance					Balance
	December 31,					December 31,
	2023	Add	itions	Dele	etions	2024
Land	\$ 5,121,300.00	\$	-	\$	-	\$ 5,121,300.00
Buildings	5,214,100.00		-		-	5,214,100.00
Motor Vehicles and Equipment	4,585,622.39	161,	384.00	155,	,000.00	4,592,006.39
Machinery and Equipment	505,878.30	91,	218.00	11,	,600.00	585,496.30
Office Furniture and Equipment	163,066.09		-		-	163,066.09
Other Equipment	218,914.00		_			218,914.00
	\$15,808,880.78	\$252,	602.00	\$166,	,600.00	\$15,894,882.78

Note 9. Pension Obligations

A. Public Employees' Retirement System (PERS)

As of the date of this report, the New Jersey Division of Pension and Benefits has not provided updated actuarial valuations for pension obligations for the Public Employees' Retirement System (PERS) for year ended June 30, 2024. The New Jersey Division of Pension and Benefits will post these reports on their website as they are made available. The footnote below includes the most current information made publicly available, which had a reporting date of June 30, 2023.

Plan Description - The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about PERS, please refer to Division's Annual Comprehensive Financial Report (ACFR) which can be found at http://www.state.nj.us/treasury/pensions/annual-reports.shtml.

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service.

The following represents the membership tiers for PERS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 or more years of service credit before age 62 and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Basis of Presentation - The schedules of employer and nonemployer allocations and the schedules of pension amounts by employer and nonemployer (collectively, the Schedules) present amounts that are considered elements of the financial statements of PERS or its participating employers. Accordingly, they do not purport to be a complete presentation of the financial position or changes in financial position of PERS or the participating employers. The accompanying Schedules were prepared in accordance with U.S. generally accepted accounting principles. Such preparation requires management of PERS to make a number of estimates and assumptions relating to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

Contributions - The contribution policy for PERS is set by *N.J.S.A.* 43:15A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For the fiscal year 2023, the State's pension contribution was less than the actuarial determined amount.

Note 9. Pension Obligations (continued)

A. Public Employees' Retirement System (PERS) (continued)

The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets. For the year ended December 31, 2023, the Borough's contractually required contribution to PERS plan was \$263,628.

Components of Net Pension Liability - At December 31, 2023, the Borough's proportionate share of the PERS net pension liability was \$2,857,021. The net pension liability was measured as of June 30, 2023. The total pension liability used to calculate the net pension liability was determined using update procedures to roll forward the total pension liability from an actuarial valuation as of July 1, 2022, which was rolled forward to June 30, 2023. The Borough's proportion of the net pension liability was based on the Borough's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2023. The Borough's proportion measured as of June 30, 2023, was 0.0197248502% which was a decrease of 0.0023023839% from its proportion measured as of June 30, 2022.

Balances at December 31, 2023 and December 31, 2022

	12/31/2023	12/30/2022
Actuarial valuation date (including roll forward)	June 30, 2023	June 30, 2022
Deferred Outflows of Resources	\$ 50,501	\$ 205,027
Deferred Inflows of Resources	566,031	630,501
Net Pension Liability	2,857,021	3,324,213
Borough's portion of the Plan's total Net Pension Liability	0.01972%	0.02203%

Pension Expense/(Credit) and Deferred Outflows/Inflows of Resources - At December 31, 2023, the Borough's proportionate share of the PERS expense/(credit), calculated by the plan as of the June 30, 2023 measurement date is (\$113,508). This expense/(credit) is not recognized by the Borough because of the regulatory basis of accounting as described in Note 1, but as previously mentioned the Borough contributed \$263,628 to the plan in 2023.

At December 31, 2023, the Borough reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

Note 9. Pension Obligations (continued)

A. Public Employees' Retirement System (PERS) (continued)

	ed Outflows esources	Deferred Inflows of Resources		
Differences between Expected and Actual Experience	\$ 27,317	\$	11,679	
Changes of Assumptions	6,276		173,148	
Net Difference between Projected and Actual Earnings on Pension Plan Investments	13,157		-	
Changes in Proportion and Differences between Borough Contributions and Proportionate Share of Contributions	3,751		381,204	
	\$ 50,501	\$	566,031	

The following is a summary of the deferred outflows of resources and deferred inflows of resources related to PERS that will be recognized in future periods:

Year Ending December 31,	<u> 4</u>	<u>Amount</u>
2024	\$	(226,331)
2025		(159,684)
2026		42,163
2027		(96,546)
2028		(75,132)
	Φ.	(51 5 500)
	\$	(515,530)

Special Funding Situation – Under N.J.S.A. 43:15A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The legislation which legally obligates the State, are Chapter 366, P.L. 2001 and Chapter 133, P.L. 2001.

The amounts contributed on behalf of the local participating employers under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a non-employer contributing entity.

Note 9. Pension Obligations (continued)

A. Public Employees' Retirement System (PERS) (continued)

Since the local participating employers do not contribute under this legislation directly to the plan (except for employer specific financed amounts), there is no net pension liability, deferred outflows of resources, or deferred inflows of resources to report in the financial statements of the local participating employers related to the legislation.

However, the notes to the financial statements of the local participating employers must disclose the portion of the non-employer contributing entities' total proportionate share of the collective net pension liability that is associated with the local participating employer. In addition, each local participating employer must recognize pension expense associated with the employers as well as revenue in an amount equal to the non-employer contributing entities' total proportionate share of the collective pension expense associated with the local participating employer.

Additionally, the State has no proportionate share of the PERS net pension liability attributable to the Borough as of December 31, 2023. At December 31, 2023, the State's proportionate share of the PERS expense, associated with the Borough, calculated by the plan as of the June 30, 2023 measurement date was \$8,910.

Actuarial Assumptions - The total pension asset/(liability) as of the measurement date was determined by using an actuarial valuation as noted in the table below, with update procedures used to roll forward the total pension liability to the measurement date. The actuarial valuations used the following actuarial assumptions:

Inflation:

Price 2.75% Wage 3.25%

Salary Increases:

2.75 - 6.55% Based on Years of Service

Investment Rate of Return

7.00%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee Mortality Table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021

The actuarial assumptions used in the July 1, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

Note 9. Pension Obligations (continued)

A. Public Employees' Retirement System (PERS) (continued)

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2023) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2023 are summarized in the following table:

		Long-Term
Asset Class	Target <u>Allocation</u>	Expected Real Rate of Return
U.S. Equity	28.00%	8.98%
Non-U.S. Developed Markets Equity	12.75%	9.22%
International Small Cap Equity	1.25%	9.22%
Emerging Markets Equity	5.50%	11.13%
Private Equity	13.00%	12.50%
Real Estate	8.00%	8.58%
Real Assets	3.00%	8.40%
High Yield	4.50%	6.97%
Private Credit	8.00%	9.20%
Investment Grade Credit	7.00%	5.19%
Cash Equivalents	2.00%	3.31%
U.S. Treasuries	4.00%	3.31%
Risk Mitigation Strategies	3.00%	6.21%
	100.00%	

Discount Rate - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2023. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Note 9. Pension Obligations (continued)

A. Public Employees' Retirement System (PERS) (continued)

Sensitivity of the Borough's proportionate share of the Net Pension Liability to Changes in the Discount Rate - The following presents the Borough's proportionate share of the net pension liability calculated using the discount rate as disclosed above, as well as what the Borough's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

	1%	Current	1%
	Decrease (6.00%)	count Rate (7.00%)	Increase (8.00%)
Borough's Proportionate Share			
of the Net Pension Liability	\$ 3,750,590	\$ 2,857,021	\$ 2,141,064

B. Police and Firemen's Retirement System (PFRS)

As of the date of this report, the New Jersey Division of Pension and Benefits has not provided updated actuarial valuations for pension obligations for the Police and Firemen's Retirement System (PFRS) for year ended June 30, 2024. The New Jersey Division of Pension and Benefits will post these reports on their website as they are made available. The footnote below includes the most current information made publicly available, which had a reporting date of June 30, 2023.

Plan Description – The State of New Jersey, Police and Firemen's Retirement System (PFRS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about PFRS, please refer to the Division's Annual Comprehensive Financial Report (ACFR) which can be found at http://www.state.nj.us/treasury/pensions/annual-reports.shtml.

The vesting and benefit provisions are set by N.J.S.A. 43:16A. PFRS provides retirement as well as death and disability benefits. All benefits vest after ten years of service, except disability benefits which vest after four years of service.

The following represents the membership tiers for PFRS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to May 22, 2010.
2	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
3	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tiers 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year if creditable service over 25 years but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

Note 9. Pension Obligations (continued)

B. Police and Firemen's Retirement System (PFRS) (continued)

Basis of Presentation - The schedule of employer and nonemployer allocations and the schedule of pension amounts by employer and nonemployer (collectively, the Schedules) present amounts that are considered elements of the financial statements of PFRS, its participating employers or the State as a nonemployer contributing entity. Accordingly, they do not purport to be a complete presentation of the financial position or changes in financial position of PFRS, the participating employers, or the State. The accompanying Schedules were prepared in accordance with U.S. generally accepted accounting principles.

Such preparation requires management of PFRS to make a number of estimates and assumptions relating to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

Contributions - The contribution policy for PFRS is set by *N.J.S.A.* 43:16A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's contribution amount is based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. For fiscal year 2023, the State contributed an amount less than the actuarially determined amount.

The Local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PFRS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law.

This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets. For the year ended December 31, 2023, the Borough's contractually required contributions to PFRS plan was \$785,388.

Net Pension Liability and Pension Expense - At December 31, 2023 the Borough's proportionate share of the PFRS net pension liability was \$6,518,611. The net pension liability was measured as of June 30, 2023. The total pension liability used to calculate the net pension liability was determined using update procedures to roll forward the total pension liability from an actuarial valuation as of July 1, 2022, to the measurement date of June 30, 2023. The Borough's proportion of the net pension liability was based on the Borough's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2023. The Borough's proportion measured as of June 30, 2023, was 0.05899845%, which was an increase of 0.00549953% from its proportion measured as of June 30, 2022.

Balances at December 31, 2023 and December 31, 2022

	12/31/2023	12/31/2022
Actuarial valuation date (including roll forward)	June 30, 2023	June 30, 2022
Deferred Outflows of Resources	\$ 1,744,760 \$	1,661,986
Deferred Inflows of Resources	1,002,791	1,530,928
Net Pension Liability	6,518,611	6,123,677
Borough's portion of the Plan's total net pension Liability	0.05900%	0.05350%

Note 9. Pension Obligations (continued)

B. Police and Firemen's Retirement System (PFRS) (continued)

Pension Expense/(Credit) and Deferred Outflows/Inflows of Resources – At December 31, 2023, the Borough's proportionate share of the PFRS expense/(credit), calculated by the plan as of the June 30, 2023 measurement date was \$569,500 This expense/(credit) is not recognized by the Borough because of the regulatory basis of accounting as described in Note 1, but as previously mentioned the Borough contributed \$785,388 to the plan in 2023.

At December 31, 2023, the Borough had deferred outflows of resources and deferred inflows of resources related to PFRS from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources		
Differences between Expected and Actual Experience	\$	279,114	\$	310,880	
Changes of Assumptions		14,069		440,162	
Net Difference between Projected and Actual Earnings on Pension Plan Investments		331,981		-	
Changes in Proportion and Differences between Borough Contributions and Proportionate Share of Contributions		1,119,596		251,749	
	\$	1,744,760	\$	1,002,791	

The following is a summary of the deferred outflows of resources and deferred inflows of resources related to PFRS that will be recognized in future periods:

Year Ending	
December 31,	Amount
2024	\$ (80,113)
2025	(69,883)
2026	565,259
2027	139,881
2028	185,593
Thereafter	1,232
	\$ 741,969

Note 9. Pension Obligations (continued)

B. Police and Firemen's Retirement System (PFRS) (continued)

The legislation which legally obligates the state is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L., 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a non-employer contributing entity.

Since the local participating employers do not contribute under this legislation directly to the plan (except for employer specific financed amounts), there is no net pension liability, deferred outflows of resources, or deferred inflows of resources to report in the financial statements of the local participating employers related to the legislation. However, the notes to the financial statements of the local participating employers must disclose the portion of the non-employer contributing entities' total proportionate share of the collective net pension liability that is associated with the local participating employer. In addition, each local participating employer must recognize pension expense associated with the employers as well as revenue in an amount equal to the non-employer contributing entities' total proportionate share of the collective pension expense associated with the local participating employer.

Additionally, the State's proportionate share of the PFRS net pension liability attributable to the Borough is \$1,201,130 as of December 31, 2023. The net pension liability was measured as of June 30, 2023. The total pension liability used to calculate the net pension liability was determined using update procedures to roll forward the total pension liability from an actuarial valuation as of July 1, 2022, to the measurement date of June 30, 2023. The State's proportion of the net pension liability associated with the Borough was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. The State's proportion measured as of June 30, 2023 was 0.0589984600%, which was an increase of 0.0054996000% from its proportion measured as of June 30, 2022, which is the same proportion as the Borough's. At December 31, 2023, the Borough's and the State of New Jersey's proportionate share of the PFRS net pension liability were as follows:

Borough's Proportionate Share of Net Pension Liability	\$ 6,518,611
State of New Jersey's Proportionate Share of Net Pension	
Liability Associated with the Borough	1,201,130
	\$ 7,719,741

At December 31, 2023, the State's proportionate share of the PFRS expense, associated with the Borough, calculated by the plan as of the June 30, 2023 measurement date was \$136,626.

Actuarial Assumptions - The total pension asset/(liability) as of the measurement date was determined by using an actuarial valuation as noted in the table below, with update procedures used to roll forward the total pension liability to the measurement date.

Note 9. Pension Obligations (continued)

B. Police and Firemen's Retirement System (PFRS) (continued)

The actuarial valuations used the following actuarial assumptions:

Inflation

Price 2.75% Wage 3.25%

Salary Increases:

Through All future years 3.25 - 16.25%

Based on Years of Service

Investment Rate of Return

7.00%

Employee mortality rates were based on the PubS-2010 amount-weighted mortality table with a 105.6% adjustment for males and 102.5% adjustment for females. For healthy annuitants, mortality rates were based on the PubS-2010 amount-weighted mortality table with a 96.7% adjustment for males and 96.0% adjustment for females. Disability rates were based on the PubS-2010 amount-weighted mortality table with a 152.0% adjustment for males and 109.3% adjustment for females. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2023) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Note 9. Pension Obligations (continued)

B. Police and Firemen's Retirement System (PFRS) (continued)

Best estimates of arithmetic rates of return for each major asset class included in PFRS's target asset allocation as of June 30, 2023 are summarized in the following table:

		Long-Term
Asset Class	Target <u>Allocation</u>	Expected Real Rate of Return
U.S. Equity	28.00%	8.98%
Non-U.S. Developed Markets Equity	12.75%	9.22%
International Small Cap Equity	1.25%	9.22%
Emerging Markets Equity	5.50%	11.13%
Private Equity	13.00%	12.50%
Real Estate	8.00%	8.58%
Real Assets	3.00%	8.40%
High Yield	4.50%	6.97%
Private Credit	8.00%	9.20%
Investment Grade Credit	7.00%	5.19%
Cash Equivalents	2.00%	3.31%
U.S. Treasuries	4.00%	3.31%
Risk Mitigation Strategies	3.00%	6.21%
	100.00%	

Discount Rate - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2023. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Sensitivity of the Borough's proportionate share of the Net Pension Liability to Changes in the Discount Rate - The following presents the Borough's proportionate share of the net pension liability calculated using the discount rate as disclosed above, as well as what the Borough's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

Note 9. Pension Obligations (continued)

B. Police and Firemen's Retirement System (PFRS) (continued)

	1% Decrease (6.00%)		Current Discount Rate (7.00%)		1% Increase (8.00%)	
Borough's Proportionate Share of the Net Pension Liability	\$	9,082,543	\$	6,518,611	\$	4,383,468
State of New Jersey's Proportionate Share of Net Pension Liability associated with the Borough		1,673,564		1,201,130		807,705
	\$	10,756,107	\$	7,719,741	\$	5,191,173

Related Party Investments - The Division of Pensions and Benefits does not invest in securities issued by the Borough.

Note 10. Postemployment Benefits Other Than Pensions

As of the date of this report, the New Jersey Division of Pension and Benefits has not provided updated actuarial valuations for pension obligations for the year ended June 30, 2024. The New Jersey Division of Pension and Benefits will post these reports on their website as they are made available. The footnote below includes the most current information made publicly available, which had a reporting date of June 30, 2023.

General Information about the OPEB Plan

The State Health Benefit Local Government Retired Employees Plan (the Plan) is a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits' (the Division) Annual Comprehensive Financial Report (ACFR), which can be found at https://www.state.nj.us/treasury/pensions/financial-reports.shtml.

The Plan provides medical and prescription drug to retirees and their covered dependents of the participating employers. Under the provisions of Chapter 88, P.L 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees.

Note 10. Postemployment Benefits Other Than Pensions (continued)

Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Pursuant to Chapter 78, P.L, 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

Basis of Presentation

The schedule of employer and nonemployer allocations and the schedule of OPEB amounts by employer and nonemployer (collectively, the Schedules) present amounts that are considered elements of the financial statements of its participating employers or the State as a nonemployer contributing entity. Accordingly, they do not purport to be a complete presentation of the financial position or changes in financial position of the participating employers or the State. The accompanying Schedules were prepared in accordance with U.S. generally accepted accounting principles. Such preparation requires management of the Plan to make a number of estimates and assumptions relating to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

Allocation Methodology

GASB Statement No. 75 requires participating employers in the Plan to recognize their proportionate share of the collective net OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources, and collective OPEB (benefit) expense. The special funding situation's and nonspecial funding situation's net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB (benefit) expense are based on separately calculated total OPEB liabilities. For the special funding situation and the nonspecial funding situation, the total OPEB liabilities for the year ended June 30, 2023 were \$3,461,898,890 and \$11,427,677,896, respectively. The nonspecial funding situation's net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB (benefit) expense are further allocated to employers based on the ratio of the plan members of an individual employer to the total members of the Plan's nonspecial funding situation during the measurement period July 1, 2022 through June 30, 2023.

Note 10. Postemployment Benefits Other Than Pensions (continued)

Employer and nonemployer allocation percentages have been rounded for presentation purposes; therefore, amounts presented in the schedule of OPEB amounts by employer and nonemployer may result in immaterial differences.

Special Funding Situation

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80 percent of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan, there is no net OPEB liability, deferred outflows of resources or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the collective net OPEB liability that is associated with the local participating employer.

The participating employer allocations included in the supplemental schedule of employer special funding allocations and the supplemental schedule of special funding amounts by employer for each employer are provided as each employer is required to record in their financial statements, as an expense and corresponding revenue, their proportionate share of the OPEB expense allocated to the State of New Jersey under the special funding situation and include their proportionate share of the collective net OPEB liability in their respective notes to their financial statements. For this purpose, the proportionate share was developed based on eligible plan members subject to the special funding situation. This data takes into account active members from both participating and non-participating employer locations and retired members currently receiving OPEB benefits.

Additionally, the State's proportionate share of the OPEB liability attributable to the Borough is \$7,443,213 as of December 31, 2023. The OPEB liability was measured as of June 30, 2023. The total OPEB liability used to calculate the OPEB liability was determined using update procedures to roll forward the total OPEB liability from an actuarial valuation as of July 1, 2022, to the measurement date of June 30, 2023. The State's proportion of the OPEB liability associated with the Borough was based on a projection of the Borough's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating members, actuarially determined. The State's proportion measured as of June 30, 2023 was 0.2133280069%, which was a decrease of 0.0360639870% from its proportion measured as of June 30, 2022, which is the same proportion as the Borough's. At December 31, 2023, the Borough's and the State of New Jersey's proportionate share of the OPEB liability were as follows:

State of New Jersey's Proportionate Share of OPEB Liability Associated with the Borough

7,443,213

Note 10. Postemployment Benefits Other Than Pensions (continued)

At December 31, 2023, the State's proportionate share of the OPEB (credit)/expense, associated with the Borough, calculated by the plan as of the June 30, 2023 measurement date was (\$1,349,600).

Note 11. Municipal Debt

The following schedule represents the Borough's summary of debt, as filed in the Borough's Annual Debt Statement required by the Local Bond Law of New Jersey for the current and two previous years:

		<u>2024</u>		<u>2023</u>		2022

Summary of Statutory Debt Condition - Annual Debt Statement

The following schedule is a summary of the previous schedule and is prepared in accordance with the required method of setting up the Annual Debt Statement:

	Gross Debt	<u>Deductions</u>	Net Debt
Local School Debt	\$ 13 170 000 00	\$ 13,170,000.00	\$ -
Water-Sewer Utility Debt	13,325,666.52	13,325,666.52	-
General Debt	11,094,976.15	3,355,705.63	7,739,270.52
	\$ 37,590,642.67	\$ 29,851,372.15	\$ 7,739,270.52

Net Debt \$7,739,270.52 divided by the average Equalized Valuation Basis per N.J.S.A 40A:2-2 as amended, \$1,082,187,802.33, equals 0.715%. New Jersey statute 40A:2-6, as amended, limits the debt of a Municipality to 3.5% of the last three preceding year's average equalized valuations of real estate, including improvements and the assessed valuation of Class II Railroad Property. The remaining borrowing power in dollars at December 31, 2024 is calculated as follows:

Borrowing Power Under N.J.S. 40A:2-6 as Amended

3 1/2% of Equalized Valuation Basis (Municipal) Net Debt		\$ 37,876,573.08 7,739,270.52
Remaining Borrowing Power		\$ 30,137,302.56
Self Liquidating Utility Calculation per N.J.S.A. 4 Cash Receipts From Fees, Rents or Other Charges for the Year Deductions: Operating and Maintenance Costs Debt Service	\$ 3,065,000.00 566,384.35	\$ 4,184,229.56
Total Deductions		3,631,384.35
Excess/(Deficit) in Revenue		\$ 552,845.21

^{*}If Excess in Revenues all Utility Debt is Deducted

Note 11. Municipal Debt (continued)

General Debt

A. Serial Bonds Payable

In 2014 the Borough issued MCIA Bonds in the amount of \$2,160,000.00. The Bonds were issued at an interest rate of 5.00% and mature on December 21, 2026.

In 2021 the Borough issued MCIA Bonds in the amount of 5,070,000.00. The Bonds were issued at with interest rates ranging from 4.00%-5.00% and mature on December 21, 2026.

In 2021 the Borough issued MCIA Bonds in the amount of \$940,000.00. The Bonds were issued at with interest rates ranging from 4.00-5.00% and mature on December 21, 2031.

Principal and interest due on the outstanding bonds is as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$ 935,000.00	\$ 226,250.00	\$ 1,161,250.00
2026	935,000.00	187,000.00	1,122,000.00
2027	565,000.00	140,250.00	705,250.00
2028	560,000.00	112,000.00	672,000.00
2029	560,000.00	84,000.00	644,000.00
2030-2031	1,120,000.00	84,000.00	1,204,000.00
	\$ 4,675,000.00	\$ 833,500.00	\$ 5,508,500.00

B. Bond Anticipation Notes

The following is a summary of bond anticipation notes payable accounted for in the General Capital Fund at December 31, 2024.

<u>Description</u>	Date of <u>Issue</u>	Date of Maturity	<u>Rate</u>	Balance December 31, 2024
Various Capital Improvements	3/14/2024	3/14/2025	4.00%	\$ 439,000.00
2022 Road Improvement Project	3/14/2024	3/14/2025	4.00%	1,150,000.00
Fireman's Park Boardwalk and				
Parking Lot Improvements (Open Space)	3/14/2024	3/14/2025	4.00%	2,625,000.00
Cedar Street Park Improvements (Open Space)	3/14/2024	3/14/2025	4.00%	146,000.00
				\$4,360,000.00

The purpose of these short-term borrowings was to provide resources for general capital construction, acquisitions, or improvement projects and other purposes permitted by State Local Bond Law NJSA 40A:2 et. seq.

Note 11. Municipal Debt (continued)

C. Loans

Green Trust Loans

The Borough has entered into the following Green Trust Loan agreements with the State of New Jersey

Description	Date of Issue	Date of Maturity	Balance
Ralph Pier Waterfront Park	6/12/2010 8/30/2017	9/7/2027 12/1/2037	\$ 129,040.36 255,491.76

Beers Street Water Main Repairs and				
Improvement	10/18/2024	3/14/2025	4.00%	318,000.00
Various Water and Sewer Improvements	10/18/2024	3/14/2025	4.00%	151,000.00
				\$1,415,000.00

D. Bonds and Notes Authorized But Not Issued

As of December 31, 2024 the Borough had \$2,373,871.28 in various Utility bonds and notes authorized but not issued.

Note 12. Accrued Sick, Vacation and Compensation Time

GASB Statement No. 101, Compensated Absences, requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. The liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means.

As discussed in Note 1 and in accordance with accounting principles prescribed by the State of New Jersey, the cash basis of accounting is followed for recording the Borough's liability related to unused vacation, sick pay, and compensation time. The Borough permits certain employees within limits to accumulate unused vacation, sick pay, and compensation time, which may be taken as time off or paid at a later date at an agreed upon rate. In accordance with New Jersey accounting principles, this unused accumulated absences amount is not reported as a liability in the accompanying financial statements.

Under current policies and in accordance with N.J.S.A. 40A:9-10.2, unused sick leave is paid at an agreed upon rate upon separation of employment. Excess unused sick leave above the statutory cap is not paid out upon separation and lapses unless used. However, a liability is recognized under GASB 101 to the extent such leave is expected to be used as time off. It is estimated that accrued benefits for compensated absences, in accordance with GASB Statement No. 101, are valued at \$787,817.58 at December 31, 2024.

This estimate includes leave that is expected to be paid upon separation from service, and sick leave and compensation time to the extent that such leave is more likely than not to be used by employees as paid time off, based on historical usage patterns.

The Borough adopted GASB No. 101 during the year ended December 31, 2024. As a result, the compensated absences liability disclosed above reflect the revised recognition criteria under this standard.

BOROUGH OF KEYPORT NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

Note 13. Risk Management

The Borough is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Joint Insurance Pool

The Borough is a member of the Municipal Excess Liability Joint Insurance Fund. The Fund provides the Borough with the following coverage:

Employee Theft - Per Loss Coverage	\$ 1,000,000.00
Forgery or Alteration	1,000,000.00
Inside the Premises - Theft of Money and Securities	1,000,000.00
Inside the Premises - Robbery or Safe Burglary of Other Property	1,000,000.00
Computer Fraud	1,000,000.00
Public Employee Dishonesty	1,000,000.00

Contributions to the Funds are payable in one installment and are based on actuarial assumptions determined by the Funds' actuaries. The Fund publishes its own financial report for the year ended December 31, 2024 which can be obtained on the Fund's website.

Note 14. Contingencies

Grantor Agencies

The Borough receives financial assistance from the State of New Jersey and the U.S. government in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of the funds for eligible purposes. Substantially all grants, entitlements and cost reimbursements are subject to financial and compliance audits by grantors. As a result of these audits, costs previously reimbursed could be disallowed and require repayment to the grantor agency. As of December 31, 2024, the Borough estimates that no material liabilities will result from such audits.

Litigation

The Borough is a defendant in several legal proceedings that are in various stages of litigation. It is believed that the outcome, or exposure to the Borough, from such litigation is either unknown or potential losses, if any, would not be material to the financial statements.

Tax Appeals

Losses arising from tax appeals are recognized at the time a decision is rendered by an administrative or judicial body; however, municipalities may establish reserves transferred from tax collections or by budget appropriation for future payments of tax appeal losses. There are no significant pending tax appeals as of December 31, 2024.

BOROUGH OF KEYPORT NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2024

Note 15. Tax Abatement Agreements

The Borough entered into two property tax abatement agreements in order to provide incentives to redevelop areas that in need of improvement or to create economic growth. The tax abatement agreements are authorized under various State of New Jersey Statutes. The Borough's tax abatement agreements are as follows:

	Payment in Lieu of Taxes		axes if Billed in Full	Ab	ated Property Taxes
Oyster Bay Urban Renewal Bethany Manor and Annex	\$ 117,746.00 135,389.00	\$	396,090.36 552,983.94	\$	278,344.36 417,594.94
	\$ 253,135.00	\$	949,074.30	\$	695,939.30

Note 16. Leases

On May 12, 2000, the Borough entered into an agreement with T-Mobile for the purpose of installing, maintaining and operating an antennae array and associated transmission lines and mounting apparatus, and to lease a portion of said real property consisting of approx. 144 square fee for the purpose of construction, maintaining and operating a mobile communications facility. The current lease term expires May of 2025. The amount expended by the Borough for this lease for 2024 rent was \$47,437.50.

On May 19, 2019, the Borough entered into an agreement with Verizon Wireless to operate a wireless communications facility inclusive of the right to install certain wireless communication equipment on a water tower, on the property located at the intersection of Cass Street and Highway 35. The current lease term expires November 7, 2028, with three available five-year term extensions. The amount expended by the Borough for this lease for 2024 rent was \$70,286.04.

On August 1, 2023, the Borough extended a lease agreement with AP Francis Street LLC (a New Jersey Limited Liability Company) (Lessor) for the space located at 70 W. Front Street, Keyport, New Jersey 07735 (Lessee). The lease runs from August 1, 2023, through July 31, 2026. The rent amount for the leased premises shall be for the period of August 1, 2023 through July 31, 2024 \$102,000.00 per annum, payable in equal monthly installments of \$8,500.00, and for the period August 1, 2024 through July 31, 2025 \$105,396.00 per annum, payable in equal monthly installments of \$8,783.05, and for the period August 1, 2025 through July 31, 2026 \$108,874.69 per annum, payable in equal monthly installments of \$9,072.89 in advance on the first day of the month at the office of Lessor or at such other place as Lessor may designate. The amount expended by the Borough for this lease for 2024 rent was \$112,198.34.

Note 17. Subsequent Events

Management has reviewed and evaluated all events and transactions that occurred between December 31, 2024 and June 30, 2025, the date that the financial statements were available for issuance, for possible disclosure and recognition in the financial statements.

Honorable Mayor and Members of the Borough Council Borough of Keyport County of Monmouth Keyport, New Jersey

In accordance with requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the following are the *General Comments* and *Recommendations* for the year ended December 31, 2024.

GENERAL COMMENTS:

Contracts and Agreements required to be advertised by (N.J.S.A.40A:11-4)

N.J.S.A.40A:11-4 states every contract or agreement, for the performance of any work or furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only by the Governing Body of the contracting unit after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other Law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the bid threshold, except by contract or agreement.

The bid threshold in accordance with N.J.S.A. 40A:11-4 was \$44,000 for the period from January 1, 2024 through December 31, 2024.

It is pointed out that the governing body of the municipality has the responsibility of determining whether the expenditures in any category will exceed the statutory minimum within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

Our examination of expenditures did not reveal any individual payments or contracts in excess of the bid threshold "for the performance of any work, or the furnishing of any materials, supplies or labor" other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of *N.J.S.A.40A:11-6*.

Collection of Interest on Delinquent Taxes and Assessments

N.J.S.54:4-67, provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 1, 2024 adopted the following resolution authorizing interest to be charged on delinquent taxes during 2024:

NOW THEREFORE, BE IT RESOLVED, that if said taxes are deemed to be delinquent for non-payment of taxes, the Tax Collector shall charge eight (8%) percent per annum on the first \$1,500.00 of the delinquency, and eighteen (18%) percent per annum on any amount in excess of \$1,500.00; and

BE IT FURTHER RESOLVED, by the Borough Council of the Borough of Keyport, that the Tax Collector shall allow that no interest will be charged on payments received and made by the tenth calendar day following the date upon which the same became payable; and

BE IT FURTHER RESOLVED, by the Borough Council of the Borough of Keyport, that the Tax Collector shall charge, in addition to the interest for delinquent taxes, as noted above, a penalty of six (6%) percent of the amount of the delinquency in taxes in excess of \$10,000.00 to a taxpayer who fails to pay the delinquency prior to the end of the calendar year.

It appears from an examination of the Collector's record that interest was collected in accordance with the foregoing resolution.

OTHER COMMENTS (FINDINGS):

*2024-001 – We noted that dedications by riders were not obtained from the Division of Local Government Services for certain other trust fund reserves.

RECOMMENDATIONS:

We recommend that all other trust fund reserves be reviews and where appropriate, dedication by rider resolution e adopted and submitted for approval by the Division of Local Government Services.

*This finding has not been corrected and is marked with an asterisk as a repeated finding.

OFFICIALS IN OFFICE AND SURETY BONDS

The following officials were in office at December 31, 2024:

Name of Officials <u>Title</u>
